CHILDREN'S Bodhi Class

Would you like to introduce your child to Buddhist morals, philosophy, practice, and etiquette?

The Children's Bodhi Class aims to guide children into developing right understanding on the Buddha's teachings and provide children with the moral basis to:

- Make new friends and play co-operatively with others
- React positively to social challenges
- Recognise right and wrong in people and behaviours
- Learn the benefits of patience, respect, sharing and caring
- Understand about the Law of Cause and Effect
- Learn about behaving within a monastery and the role of monks and nuns

The Children's Bodhi Class is for children aged from kindergarten to Year 6.

These classes will be conducted by a number of SRE teachers from the monastery, and guided by Venerable Neng Rong.

Children will join in a range of interactive activities to learn about the Buddha's teachings at the monastery.
